Introduction to Christian Ministry

BSCM
Bachelor of Science in Christian Ministry

Mid-Continent’s accelerated bachelor’s program in Christian Ministry is a practical degree introducing the student to various aspects of Christian ministry. It is designed to train those already involved in ministry or those entering ministry later in life. Students completing the course of study are trained to hold senior pastor or other staff positions in churches or non-profit organizations, however, many go on to do graduate work. Classes meet one night a week, covering each subject consecutively in five week intervals. There are breaks throughout the 24 months needed to complete the course of study.

Students who already possess approximately 60 credits from an accredited institution are eligible for immediate entry into this program. Those requiring general education course credits can complete them through Mid-Continent’s Advantage Associate program, available at many locations, or online.

Our Goal is Your Success
